Re: Collecting and assembling NSW indicators of ECEC successes

Dear Mr Lim,

I write in response to your email of 4 May 2026 regarding the collection and assembly of NSW indicators of ECEC successes. I understand the Department of Education will respond to you separately.

Thank you for sharing ACA NSW's work in developing a dashboard collecting NSW indicators of ECEC success. The NSW Early Learning Commission (the Commission) acknowledges the importance of measuring and publicly reporting regulatory activity in the interests of protecting the rights and safety of children and informing parent choice.

The Commission has been progressively increasing the amount of information published in relation to its regulatory activities. This information is available at the links listed below. For completeness, I have also included links to information released by the Australian Government Productivity Commission and ACECQA.
