ABOUT US

Sastra Pty Ltd is an accounting and consulting firm. We provide accounting, bookkeeping, BAS, taxation, payroll, business consulting, software consulting, CFO services, management accounting and business start-up assistance to start-up businesses and Small & Medium Enterprises at our clients' offices or at our office, depending on the client's business requirements and preferences.

While we assist our clients in ensuring their compliance requirements are met on time, we go beyond compliance and provide financial and business information to assist in business decision making and growth plans.

Our experience in combining accounting, technology and business process consulting, working with a wide range of clients in diverse industries and geographies, help us in enabling our clients to achieve sustained growth.

We have accountants with experience and passion for helping businesses grow and prosper. Our senior staff have memberships in CPA, IPA, CIMA, ACCA and have tertiary qualifications in accounting or a related discipline. They are assisted by bright young accounting students and fresh graduates.

We use a number of accounting software including Xero, MYOB, QuickBooks Online, Reckon and Saasu. We recommend a software that will suit the client's requirements and situation.
